***Statement of Reasons for Allowance***

1. Claims 1-51 are allowed.
2. The following is an examiner's statement of reasons for allowance.

The present invention is directed to a common on-screen zone providing two or more methods of activating a command.

Claims 1, 18, and 35 recite, or similarly recite, in combination with the remaining elements, the steps of responsive to a user input anywhere in the zone being stroke input, performing a command associated with the user input, and responsive to the user input anywhere in the same zone being a menu activation command, displaying a menu including a plurality of commands.

The closest prior art, Kurtenbach (US 5,689,667), show a substantially similar method. However, Kurtenbach, singularly or in combination, still fail to anticipate or render the above cited limitations obvious.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
